Actulux Environmental Compliance Assurance

REACH compliance

The European Regulation (EC) 1907/2006 concerns the Registration, Evaluation, Authorization and restriction of Chemicals (REACH).

With regard to the requirements of Article 33/candidate list of REACH “Duty to communicate information on substances in articles”, Actulux is constantly monitoring the SVHCs (Candidate List of substances of very high concern for Authorisation currently released by ECHA) in our products, and Actulux has an ongoing process of gathering declarations to ensure that none of the substances are present in our products with a concentration equal to or above 0.1%.

The current ECHA candidate listing can be found on: <http://echa.europa.eu/candidate-list-table>

It is the policy of the company Actulux to fully comply with the REACH legislation and to work closely with suppliers and customers. The compliance is part of Actulux’s policy to keep the customers fully informed of the company’s commitment to the REACH Directive.

This assurance is issued in good faith and to our best knowledge.

Jens Buus
Managing Director
